VI. Projects

There are currently 28 various capital improvement projects ranging from utility upgrades to new construction of campus facilities budgeted through SFID-2 funds. As of December 31, 2011 the following SFID-2 projects have been completed:

- Residence Halls Phase 1
- CDC Relocatables
- Elm Street Improvements
- Switch Replacement

CDC Expansion Payment
Switch Maintenance

VII. Audit:

As dictated by state law, the SFID-2 bond requires a financial and performance audit which examines the usage of the bond funds. The firm of Vavrinek, Trine, Day & Company, LLP audited the SFID-2 bond program for the fiscal year 2010 / 2011 ending June 30, 2011.

The audit report fiscal year 2010 / 2011 was presented to the Committee during its January 24, 2012 meeting and the audit was supportive of the program and its management.

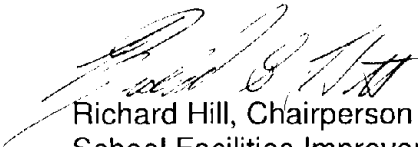

The auditor's report gave an unqualified opinion that the financial statements fairly presented, in all material respects, the financial position and changes of the SFID-2 bond fund in conformity with accounting principles and generally accepted accounting standards.

In regards to the performance audit, the auditor's report noted no instances of noncompliance with the terms of Prop 39 for SFID-2. Nothing examined came to auditor's attention to indicate that WHCCD didn't implement appropriate management controls to ensure the bond proceeds are administered economically, efficiently and effectively.

VIII. Statement of Compliance:

Based on the information provided by WHCCD, the Committee finds that as of this reporting for SFID-2 from July 1, 2010 to June 30, 2011, that WHCCD is in compliance with the standards of Article XIII A Section 1(b) 3 of the California State Constitution and the terms of the original bond ballot.
